Predictive Success Corporation Announces the *2010 John Watson Leadership Award Winner – Kayla Ketcheson*

Toronto, Canada (May 18, 2010) – Predictive Success Corporation is pleased to award the *2010 John Watson Leadership Award* to **Kayla Ketcheson of St. Andrew's, Manitoba**.

Kayla, daughter of Brian Ketcheson, Vice President of Human Resources at Manitoba Hydro, currently attends Northwood University in Texas on an athletic and academic partial scholarship. She is studying Commerce with a major in Economics and International Studies and has an impressive 3.93 grade point average; certainly on the right path to achieve her future aspirations of attending graduate school.

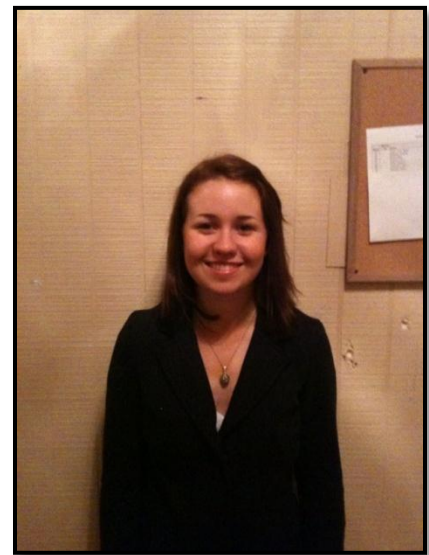

Kayla graduated from St Mary's Academy in Winnipeg, MB in 2009 where she was Co-Leader of the Student Government, on the Student Debate Team, was the Captain of the School Golf Team.

In addition to her impressive academic achievements and devoted involvement within the school community, what most impressed our Chairman, John Watson, was Kayla's volunteer work with the Cedar Hill Community-Clean-Up Program and the Children's Museum, where she donated 5 hours a week of her time. Not only was she able to maintain exceptional academic standards, as well as notable community service, but Kayla still managed to find time to act as a member of Golf Manitoba, and share herself as a golf mentor to young golfers beginning the sport.

Kayla's teachers have rated her as an exceptionally gifted and generous member of her community. Predictive Success Corporation is very pleased to honour her achievements with this award. Kayla will be presented with her bursary at an event held in her honour in Toronto in July by David Lahey, President, and John Watson, Chairman, both with Predictive Success.

This year, the second year in which the scholarship has been awarded, brought attention to exceptional students from across Canada. Predictive Success Corporation would like to recognize all applicants for their hard work and devotion to their academic achievement and community involvement:

Brandon Lenters, Calgary, Alberta
Eric Howg, Edmonton, Alberta – The Data Group of Companies
Joshua D'Souza, Toronto, Ontario – Business Development Bank of Canada
Jessica Fitzherbert, Red Rapids, New Brunswick – Twin Rivers Paper Company
Branigan LePla, Oakbank, Manitoba

About the *John Watson Leadership Award*:

The *John Watson Leadership Award*, established in 2009, was created to recognize and foster outstanding character development, creative leadership, active citizenship, and academic consistency in students entering post-secondary education. A one-time scholarship of \$3000 for use during the academic year in which the scholarship is current, is awarded to the student that best represents this criteria. Eligible applicants include a direct relative (child or legal guardian status) of clients of Predictive Success and/or Certified PI® Analysts.

Please join Predictive Success as they thank all applicants and commend their affiliated organizations as they continue to promote learning and development across Canada with the next generation of leaders.

For additional information, or to learn more about the scholarship program and eligibility, please contact our Predictive Success office:
