Predictive Success Academy Leadership Series

1 DAY VIRTUAL

Pricing available upon request

Becoming a transformational leader means mastering relationship development and building positive team dynamics. Developing increased self-awareness and a thorough understanding of what drives day-to-day management behaviours is the first step. Use this workshop to mobilize your organization's managers to assemble and lead their teams through the lens of emotional intelligence.

This 1-Day jam-packed workshop gives leaders the tools and perspectives they need to maximize the business performance of their people. Sessions are led by management consultants with an average of 20 years' experience who are experts in the discipline, in an accessible, easy-to-digest format. The workshop includes a diverse set of learning and development activities including a case study, personal reflection exercises, group discussions, and the creation of detailed action plans.

“ Thanks again for the training. It was intense, relevant, and applicable. I went from a PI skeptic to guzzling the Kool-Aid.

-David Rempel, Partner, Lincoln Strategies Inc.

of attendees rated the virtual training a 5/5 when asked if they believe they are better equipped to manage their team or organization.
